EDUCATION

Hampton University   Hampton, VA   Expected Graduation: **May 2027**
Bachelor of Science in **Cyber Security**

CERTIFICATIONS:
W!SE Financial Literacy Certification
Microsoft Word 2019 Certification

SKILLS

Computer Skills: Java, Swift, Python, HTML, JavaScript, CSS, jGRASP, GitHub, Xcode, Visual Studio Code, Microsoft Word

PROJECTS

Portfolio Website [CSS | HTML | JavaScript]   Fall 2025
- Designed and developed a first-place winning portfolio site with **custom animations** and **transitions** using **JavaScript, HTML, and CSS**, including a **loading screen** and **background music** for enhanced user experience

HUCart [Swift | Xcode]   Spring 2025
- **Developed an iOS app** that helps students buy items online with a **user-friendly interface**. Implemented features like **user login, store selection, cart management**, and **order history** with efficient state-sharing across views

Tax Calculating Assistant [Java | jGRASP]   Summer 2023
- Developed a Java-based tax calculation assistant that dynamically **adjusts shopping budgets**, improving **financial decision-making accuracy**

Press Turn Project [Java | Visual Studio Code]   Fall 2023
- Implemented **JOptionPane, JFrame**, and **JWindow** to make a small program that follows the rules of a popular turn-based game

ACTIVITIES

Hampton University Cyber Security Club   Spring 2024 – Present
- Created a portfolio webpage and practiced cybersecurity fundamentals

National Society of Black Engineers (NSBE Chapter 2)   Fall 2023 – Present
- Attended professional meetings and events, which enriched my soft skills and computer skills

Hampton University Association of Computer Machinery (ACM)   Fall 2023 – Present
- Worked on developmental projects that tested Java skills on harder tasks

Hampton x Leidos Capture the Flags 1 & 2   Fall 2024
- Invitee to an advanced event that tests to see how many cybersecurity tasks you can complete within an allotted time

AWARDS, HONORS, AND SCHOLARSHIPS

- Lockheed Martin Scholarship   Summer 2023
